REPORT OF SCHOOL BOARD.

A foreword in the annual report of your board is of little importance, and to save printing expense, will be brief.

REPORT OF SUPERINTENDENT OF SCHOOLS.

February 15, 1923.

To the School Board and Citizens:

Perhaps you will be interested in a comparison of various items taken from the Attendance Tables of the several towns of this Supervisory Union:

School Year 1921-22.

	Boscawen	Canterbury	London	Salisbury	Penacook	Entire Union
Total number registered	58	73	127	68	643	969
Average membership	45	63	95	57	466	726
Per cent. of attendance	91	82	92	85	93	
No. cases of tardiness	315	410	325	174	389	1613
Cases tardiness per pupil of average membership	7	6.5	3.4	3	0.8	2.2
No. teachers employed	3	4	7	3	17	34
No. visits by superintendent	46	50	75	42	206	419
Average visits per teacher	15	12	11	14	12	12
No. visits by school board	14	12	46	19	25	
No. visits by others	231	115	245	294	1078	

Current Year, 1922-23.

New teachers in September	2	1	1	1	6
Teacher changes during year	1	1	0	0	1
Maximum teacher's salary	850	800	936	792	
Minimum teacher's salary	800	648	576	648	
Average teacher's salary	817	686	699	708	

I trust that a few of the parents in Boscawen and Canterbury will note that their children have given their towns a bad tardiness record. The parents and citizens of Canterbury and Salisbury should realize that the poor attendance in their towns is wasteful of the teachers' time and the town's money.

In small New Hampshire towns, whose inhabitants are largely of old New England stock, it ought not to be necessary to employ a truant officer to drive the children

to school. School Boards, however, neglect their known duty if the conditions shown are allowed to continue indefinitely.

I am glad to report that changes in the teaching force last September were few, and that the changes during the year have been fewer still. The salary range is from \$576 per year to \$936, Loudon paying the highest and the lowest salary. Only two graduates of normal schools are employed by the rural towns of the union, one by Loudon and one by Boscawen. These teachers receive salaries higher than any other teachers in the union, outside of Penacook.

Several excellent teachers are employed who are not graduates of normal schools. A number of these have recently taken summer courses. All the other teachers would receive help and inspiration from a six weeks' course during the coming summer.

The character of instruction throughout the union is improving and will continue to improve if the teaching force can be made fairly permanent. We should plan to retain most of our teachers for another year, urging several (and requiring a few) to attend summer school. In perhaps no case would there be a gain in changing teachers unless we should be willing to pay a higher salary for the new teacher.

The institute for rural school teachers held in Loudon last fall gave practical help to the teachers who attended. I hope that some other town of the union will try to secure such an institute during the coming year.

An old teacher who recently died in Loudon left a bequest to the school district for buying maps and globes. The income of this bequest will, in a few years' time, give Loudon an excellent supply of maps and will keep them renewed as they wear out.

Respectfully,

GEORGE W. SUMNER.
